McMaster Dataverse Overview & Statistics

- Operating since 2013
- 75 published datasets

McMaster
Dataverse

Curation

- Published deposit guidelines & walkthrough documents
- Mediated deposit with review process
- Currently no formal curation process

McMaster
Dataverse
Challenges

- Building use and awareness
- Communication with researcher off-platform
- Setting the right balance in curation:
 - Time commitment of curation
 - Ease of use for researchers
 - Dataset quality

Canadian Journal of
Economics Dataverse
Partnership

- CJE Dataverse is a root-level Dataverse within Scholars Portal Dataverse
- Agreement between McMaster as the sponsoring institution and the CJE
- A template agreement is available from SP
- More info on the [SP spotdocs page](#)

Canadian Journal of
Economics Dataverse

Why Dataverse?

- Review + approve datasets
- DOIs and discoverability
- Metadata fields
- A platform that's not attached to an institution
- Training and support (for authors and journal staff)

Canadian Journal of
Economics Dataverse

Roles & responsibilities

- Training
- User/technical support
- Curation
- Data oversight
- Storage costs

Canadian Journal of
Economics Dataverse

Open data

- Journals can help push open data
- Data requirements for publishing
 - Data availability statements
 - Data sharing requirements
 - Metadata only records
